After Action Report for Fiesta of Cultures 10/20/12

Event

The event was the Fiesta of Cultures at Coronado Monument. This event is hosted by Friends of Coronado State Monument, in Bernalillo, NM. Many vendors and performers also attended. Several people from Las Golondrinas came (a blacksmith, a trapper, and a late era Spanish colonist). The weather was very mild this year. A little wind came up later in the afternoon. We setup in the stockade corral as usual.

Muster

We mustered two people, Blaine Bachman, and Dave Poulin.

Our display at the corral.

The Event

We set a display of helmets, swords, daggers, shields, a drum, and a fencing doublet. We explained that our clothing and equipment represented the first Spanish colonists to New Mexico. Blaine's costume drew some interest and he was able to explain that he was a Swiss mercenary.

Dave (L) and Blaine (R).

Conclusion

Once again it was a very nice event close to home. Photos by Dave and a guest.

Dave
