## *After Action Report for Oñate Event 4/25/1609*

### *Event*

The event was the Dia de los Ninos at the Camino Real International Heritage Center:

### *Muster*

I was the only one to attend the event. Unfortunately Mike had to work that morning so he and Barbara showed up at the eleventh hour.

### *Music Drill*

I played my fife and talked to people when I could. This was the lowest attendance I've yet seen here. The ones that did come thought I was just a dressed-up usher and hurried past. One little girl really liked the fife. Cute. So I tried to tell the staff what I was doing but that didn't work either. However there was a great Spanish Colonial music group called Ceiba. They played Mexican traditional songs on traditional instruments. They were very good.

### *Conclusion*

Maybe next year will be better.
