

After Action Report for Oñate Event 06/02/1612

Premise

The event was the Museo de las Golondrinas Spring Festival.

Tony Campisi and I went up on Saturday and spent the day walking around and talking to people. Visitor attendance was very good, which was enhanced by the fact that this crowd was much more interested in what we were doing than any we have seen yet. It was a nice surprise.

Conclusion

It was a Golondrinas good time.
